

If you already created a service account but added the BigQuery Data Owner Role, you don't need to create another one! Just follow these steps:

- Go to IAM Console

- You will see the principals list (the accounts that have some permissions in your project. Click on edit:

<input type="checkbox"/>	Type	Principal ↑	Name	Role	Security insights ?	Inheritance
<input type="checkbox"/>		dbt-lucas@personal-lucas-4111.iam.gserviceaccount.com	dbt-lucas	Owner	6956/6966 excess permissions	

- Assign role “owner” to the service account

Assign roles

Roles are composed of sets of permissions and determine what the principal can do with this resource. [Learn more](#)

Role Owner

IAM condition (optional) ?
[+ ADD IAM CONDITION](#)

Full access to most Google Cloud resources. See the list of included permissions.

[+ ADD ANOTHER ROLE](#)
